Katherine's 100 Trees Project

*Beautifying the CSRA
One Tree at a Time
(Phase II)*

The Augusta Woman's Club, with Katherine Gomon's assistance will be planting numerous trees, bushes, shrubs, and flowers which are native to the area throughout the CSRA. Katherine Gomon has been planting bushes at the Savannah Rapid's Pavilion in honor, memory, and celebration of loved ones for many years. By dedicating a plant to honor a special person or occasion, you will be a part of this living tribute.

***Phase I** - The Augusta Woman's Club has already planted twenty 8-10 foot flowering cherry trees in the Central Avenue median between Monte Sano Avenue and Troupe Street.*

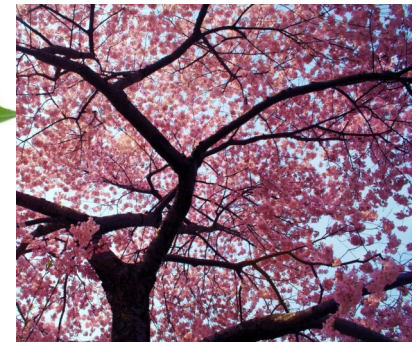

***Phase II** - To continue plantings throughout the CSRA. When the project is completed, a book with a story about each planting will be housed at the Augusta Museum. Each story can include one photo and four lines of text.*

Beautifying the CSRA

Need a Gift for someone special?

Why not plant a tree?

The Augusta Woman's Club will have your gift planted here at home, in the CSRA.

Give the ultimate gift today!

On the occasion of:

Birth of a child Birthday
Anniversary Memorial
Graduation Christmas
Wedding Gift
Or Any Occasion

Call 706-868-8027

Augusta Woman's Club

*It's A Volunteer Thing!
And always room for another member!*

Our story

The Augusta Woman's Club (AWC) is the oldest woman's civic organization in Augusta, Georgia. AWC was organized on Friday, October 17, 1913 (with the Mayor's permission) to benefit the communities of Augusta.

In the 1920's, the Augusta Woman's Club installed a World War I monument at the corner of Central and Troupe Street. Over many decades, we have planted trees and gardens throughout the Central Avenue medians.

Our Community Service Programs consists of five areas: Arts, Conservation, Education, Home Life, International Outreach, and Public Issues. The Conservation Committee, along with Katherine Gomon developed this project at Kathy's suggestion.

*A Proud Member of
Georgia Federation of
Women's Clubs*

*General Federation of
Women's Clubs*

Thank you for considering the purchase of a living tribute.

You can be assured that we will provide an outstanding, healthy specimen. We encourage you to assist with determining where your tree, shrub, or flower should be planted. We can arrange to have the planting in your yard or the yard of your recipient, but, if you prefer, we will make every effort to obtain permission to have the planting in a public place where everyone can enjoy it and be reminded of your high regard for your friend or loved one. Just let us know where you would like to see a beautiful, majestic or flowering tree, or a wonderful shrub grow larger each year in tribute to your special someone. Of course, the requirements of the tree, shrub or flower must be taken into consideration but we promise we will do our best to please you!
